

Campervan, 4WD & Car Rentals

MEDIA RELEASE

FEBRUARY 2008

## BLITZ THE OPEN ROAD WITH BRITZ BIKES

Britz, Australia's largest campervan rental company, is expanding its fleet of campervans, 4WDs and cars with the launch of its sensational new venture, Britz Bikes.

Get set for the ride of your life – now you can experience the excitement and adventure of hitting the open road on a motorbike in Australia and New Zealand.

Britz Brand Manager Johanna Penny said the latest addition to the Britz fleet offered travellers more choice than ever before. "Riding a motorbike is a fantastic way to experience both the journey and the destination," said Johanna. "With a motorbike, there are no boundaries – it's a fun and exhilarating adventure."

From April 1, Britz Bikes will offer travellers the choice of three of the most popular motorbikes in the world - the adventurous enduros - BMW F650GS and BMW R1200GS - or the retro-styled Harley-Davidson Heritage Softail Classic. The motorbikes will be available from Melbourne, Australia, and Christchurch, New Zealand.

The 652cc BMW F650GS features a water-cooled 1-cylinder, 4-stroke engine with a 5-speed gearbox.

The 1170cc BMW R1200GS is an air/oil-cooled 2-cylinder, 4-stroke engine with a 6-speed gearbox.

The 1584cc Harley-Davidson Heritage Softail Classic features an air-cooled twin cam 96B with a 6-speed drive gearbox.

The bikes all seat both rider and pillion passenger. Helmets and riding gloves are included with the traditional 'leathers' also available for hire.

"If you're looking for an adventure, there's little that beats taking in all the beauty and magnificence of the great outdoors on two wheels," Johanna said.

"Whether you want to cruise along a spectacular coastline, escape in-land to the serenity of the bush, or enjoy the open road, there's a Britz Bike perfect for your journey. All you have to do is set your sights on the horizon and go where the mood takes you."

The launch of Britz Bikes cements Britz's position as an innovative leader in the industry, providing more options for adventure-seekers' self-drive needs and budgets.

Last year, Britz launched the ultimate road-trip vehicle, the modern and fun Britz Rookie camping-car, into its fleet. The two-berth campervan, which comes complete with a mini-fridge, camping table and stools, is ideal for trips such as festivals and surfing expeditions.
